

# NuevaStyle™

The NuevaStyle from Cornelius is the offspring of our famous Nueva tower. The NuevaStyle couples modern design with high quality materials and can be used for both postmix and premix systems. High impact brand appearance is ensured with this new tower.

## Key features include

- Innovative & flexible design
- High quality materials
- Varying branding panel options to suit differing environments
- Versatility - LCD lighting available
- Available with 5, 6 or 8-valves
- Compatible with our new Duette System and its energy saving internal heat exchanger technology
